Front End Development

Hobby's

- **Walking / Jogging**
- **Writing**
  - I am an independent author who, with a team, has developed a platform as part of our Frontend development thesis. This platform serves as a hub where my forthcoming books can be readily discovered and purchased.
- **Video production**
  - In addition to my other hobbies, I create videos on YouTube where I explore new ideas and projects in the game Minecraft. This involves video editing and using software like Adobe Premiere Pro, Photoshop, After Effects, and Blender. Over 560 thousand people have joined in on the projects so far.
